

Spools Atlas

Partnr: 2100-262086

Code: 1WK5

Description1:

For double acting function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. 2/3 of change over pressure as meter out. Spool end with tongue.

Status 2

Partnr: 2100-262085

Code: 1WKZ5

Description1:

For double acting function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. A/B drained to T in neutral pos. with nom. orifice size 4.6 mm². 2/3 of change over pressure as meter out. Spool end with tongue.

Status 2

Partnr: 2100-262094

Code: 1WKZ6

Description1:

For double acting function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. A/B drained to T in neutral pos. with nom. orifice size 4.6 mm². 1/2 of change over pressure as meter out. Spool end with tongue.

Status 2

Partnr: 2100-262095

Code: 1WKZA6

Description1:

For double acting function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. A drained to T in neutral pos. with nom. orifice size 4.6 mm². 1/2 of change over pressure as meter out. Spool end with tongue.

Status 2

Partnr: 2100-262093

Code: 1WSQ3

Description1:

For double acting slewing function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. 90% of change over pressure as meter out. Spool end with tongue.

Status 2

Partnr: 2100-261993

Code:
1WSQ38

Description1:

For double acting slewing function. Adapted for RS210 with Q-inlet and centre-flow 30 l/min. 90% of change over pressure as meter out. Spool end with tongue. Leakage max. 8 cm³/min.

Status 5
