1. Size unit: mm
2. Galvanized steel wire rope surface. Retainer nut body
3. Unmarked tolerance is processed according to ISO-2768-MK
4. The product is smooth and burr free. There should be no bending variants

Unmarked tolerances are as follows (refer to ISO-2768-MK)

Linear tolerance:

0.5-6	±0.1
6-30	±0.2
30-120	±0.3
120-400	±0.5
400-1000	±0.8
