# **Signal Towers With One Layer**

- Replaceable SMD LED module.
- 2 years warranty.
- 103-116 dB volume.
- ABS housing.
- Polycarbonate lenses.
- Can be mounted on surface and wall.
- Does not affected by water, dust, heat and UV rays.
- Steady-Flashing-Strobing-Rotary and with Buzzer as working options.
- 50.000 hours LED life.
- Sound and light can be controlled separately.
- Voltage options:

12-24V AC/DC • 40-260V AC/DC

12V/DC • 24V/DC • 220V/AC

12V/DC • 24V/DC •

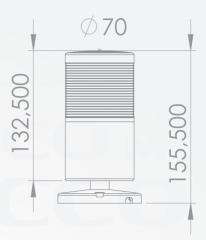

### SNT-70L

- When the code "L" is added to the end of main code in your order, products are produced with "The wall holder".
- The price list, will not be changed if you add "The wall holder" to the request in your order.
- SNT-7024-FB1-L

### SNT-70D

- When the code "D" is added to the end of main code in your order, products are produced with "Foldable Base".
- When you add "Foldable Base" to your request
   \$7 as additional value will be added to the price list.
- SNT-7024-FB1-**D**

#### SNT-....U

- Extension profile is not included in the price.
- You can choose the extension profile from Spare parts page.

Color codes are placed at the end of your order.

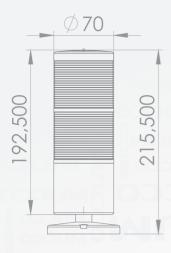

Signal towers with one layer are produced as a standard with red light.
For other colors, please specify the color code at the end of the main code in your order. (SNT-7022-F1-3)

### **Signal Towers With Two Layers**

- Replaceable SMD LED module.
- 2 years warranty.
- 103-116 dB volume.
- ABS housing.
- Polycarbonate lenses.
- Can be mounted on surface and wall.
- Does not affected by water, dust, heat and UV rays.
- Steady-Flashing-Strobing-Rotary and with Buzzer as working options.
- 50.000 hours LED life.
- Sound and light can be controlled separately.
- Voltage options:

### SNT-70D

- When the code "D" is added to the end of main code in your order, products are produced with "Foldable Base".
- When you add "Foldable Base" to your request
- \$7 as additional value will be added to the price list.
- SNT-7024-FB1-**D**

#### SNT-70L

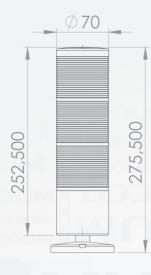

- When the code "L" is added to the end of main code in your order, products are produced with "The wall holder".
- The price list, will not be changed if you add "The wall holder" to the request in your order.
- SNT-7024-FB1-**L**

# **Signal Towers With Three Layers**

- Replaceable SMD LED module.
- 2 years warranty.
- 103-116 dB volume.
- ABS housing.
- Polycarbonate lenses.
- Can be mounted on surface and wall.
- Does not affected by water, dust, heat and UV rays.
- Steady-Flashing-Strobing-Rotary and with Buzzer as working options.
- 50.000 hours LED life.
- Sound and light can be controlled separately.
- Voltage options:

#### SNT-70D

- When the code "D" is added to the end of main code in your order, products are produced with "Foldable Base".
- When you add "Foldable Base" to your request \$7 as additional value will be added to the price list.
- SNT-7024-FB1-**D**

#### SNT-70L

- When the code "L" is added to the end of main code in your order, products are produced with "The wall holder".

  • The price list, will not be changed if you add "The wall holder".
- to the request in your order.
- SNT-7024-FB1-L
